## VISO FIVE

5.1 DVD/CD Surround Sound Receiver

# Uncompromised style and performance

Created to complement today's advanced video displays, the elegant, all new 'VISO' range of DVD/CD Receivers make a sophisticated design statement. But don't be misled by their graceful appearance and compact dimensions, unlike most other 'all-in-one' systems, 'VISO' performs like NAD's highly acclaimed full-size separate components. No performance compromises have been made in our quest for style and simplicity.
